VISION & MISSION

VISION

The Green MidSouth Program, presented by ProGeny Place, empowers youth through hands-on training in sustainable industries like urban agriculture, green construction, and renewable energy. Our mission is to cultivate environmental leadership, workforce readiness, and economic mobility in underserved Mid-South communities. By combining education, certification, and real-world experience, we prepare young people to thrive in the green economy and build a more sustainable future.

MISSION

Expose youth to future-forward careers ●

Revitalize underserved neighborhoods ●

Strengthen the local economy ●

Equip students with in-demand skills and credentials ●

SPONSORSHIP PACKAGES OFFERED

1. ECO-LEADER SUPPORTER

Contribution: \$500

Benefits:

Help fund one student's full certification journey, including OSHA-10, ServSafe, and hands-on training. Sponsors are acknowledged on the ProGeny Place website and in the Green MidSouth impact report.

2. GOLD SPONSOR

Contribution: \$1,000

Benefits:

Cover the cost of lunch for 200 youth on a designated program day. Meal sponsors receive shout-outs on social media, signage during their sponsored lunch, and the opportunity to provide branded items or messages with the meal.

3. HANDS-ON IMPACT SPONSOR

Contribution: \$2,500

Benefits:

Provide tools, safety gear, and supplies for a full career pathway track (e.g., solar, fiber, or urban agriculture). Includes logo placement on student gear, recognition in program newsletters, and signage at training sites.

4. GREEN FUTURES SPONSOR

Contribution: \$5,000

Benefits:

Support full program access for 10 youth, including certifications, materials, and field experiences. Sponsors receive prominent logo placement on all event materials, social media recognition, and an invitation to speak at the culmination event..
